#### **18/25 Public Questions**

Mrs Paterson queried if the lanes in the village could be designated as ‘quiet lanes.’ It was agreed that this could be investigated, although there was some doubt that this option was still available. Cllr Martin would investigate. Ed Veerman queried progress on the sewage spillage onto the Crown footpath. Cllr Martin assured the meeting that this was in hand, although yet to be resolved.

Ed Veerman had looked at the drawings for the proposed Roselyon School car park and noted that they showed the route to the A390 as being down towards Puddle

Ed Veerman did not support the imposition of a 40mph limit on the A390. He considered that if people thought cars were only travelling at 40mph they were more likely to take chances pulling out of the side roads thinking they had more time. Cllr Martin appreciated the point and would raise it but considered that something was needed on this very dangerous stretch of road. He confirmed that adjoining parishes in the CNA had also supported improvements at this location

#### **18/30 Resolutions from Councillors**

Cllr Sinkins proposed, Cllr Richards seconded and it was RESOLVED that Lanlivery Parish Council proposes that the St Blazey Fowey Lostwithiel Community Network Group consider including within their Highways Scheme a 40mph speed limit zone to be put in place on the A390 from the top of Lostwithiel Hill, to include the junction of the B3269 to Bodmin and the B3269 to Fowey. The purpose being to improve road safety at both junctions as well as at the two minor roads to Lanlivery, all of which have a significant history of RTA's. Of additional concern, from September 2018, when the new Roselyon School opens in Lanlivery, there will be two schools operating within the village creating more traffic on the surrounding roads at peak times
